

Sarcoma South UK Support Group

Are you living with sarcoma?

Is someone close to you affected by sarcoma?

Come and join our friendly support group.

We are a small number of sarcoma patients who have got together to make friends and support each other. Sarcoma is rare so it is difficult to meet others in the same position. This can be isolating for patients and carers and we want to improve that situation.

We are based in the Bournemouth area and have members from all over the South of England. Currently, the group meets online and we chat together on a private WhatsApp, so anyone affected by sarcoma is welcome.

Sarcoma South UK Support Group

We meet online using **Zoom** on the **second Wednesday in January, March, May, July, September and November** - usually in the evening, but we can be flexible.

We are currently looking for a venue to meet in person. Please check our website sarcoma-support-south.org.uk, or email us for updates.

To get in touch:

Please contact us directly by email at **info@sarcoma-support-south.org.uk** or via Sarcoma UK on 020 7856 0445 and info@sarcoma.org.uk

This leaflet has been printed with support from Sarcoma UK.
Local and online support groups are run independently of Sarcoma UK
